Foley's CSA Monitor gives daily, real-time updates into the important compliance data and critical driver activity information needed to successfully scale. Mitigate risk, avoid unnecessary costs, and maximize safety with a solution that helps make data more actionable.

Key Benefits

- ✓ **Daily Insights** into # of inspections, clean inspections, violations, and severity points
- ✓ **Review Compliance** with a summary of FMCSA BASIC Measures and Foley Compliance score
- ✓ **Gain Visibility** into every single inspection and crash report, with vehicle and driver details
- ✓ **Access to Trending Data** on inspections, severity points, and violations

- ✓ **Reduce Unnecessary Costs** that come with high insurance premiums and fines from audits
- ✓ **Reward safe drivers** and incentivize safe behaviors to improve business outcomes and efficiency. Plus, retain the best drivers.
- ✓ **Build Driver Training and Programs** based on findings from daily compliance and activity data
- ✓ **Prevent Risk before it Happens** with real-time access to driver activity and trending data

To Get Started:

1. Provide Foley with your DOT #'s
2. Foley submits request for access to your FMCSA portal data
3. Your FMCSA portal account manager accepts the request for access within the FMCSA portal
4. CSA Monitor is activated within 48 hours of acceptance

2 New Crashes

Crash in Seattle, WA
